Experience

June, 2016 to present	**Code Mentor, Coding House Bootcamp**
	Motivate and educate bootcamp students to become proficient in self-directed learning and debugging.

January, 2010 to May, 2016	**Philosophy Instructor, Eastern Michigan University, Alma College**
	Facilitate engaged, instruction in logic, philosophy, feminist theory, and ethics courses, guiding students in critical and creative thinking.

January, 2010 to May, 2016	**Flowers and More, Owner-Operator**
	All operations: hiring, training, marketing, quality assurance. I started this business with $200, built it to nearly $1 million in annual revenue, and sold it in 2006.

Education

June, 2016	**Coding House** **Full Stack Javascript Developer Track**

May, 2015	**Michigan State University** **Masters Degree, Philosophy**

May, 2008	**University of South Florida** **Bachelors Degree, Philosophy, with Honors**

✓	I am looking to collaborate with a great team, sharpen my front end development and design skills, and build amazing things.
